⁷ "I feel [gambling] does bring negative effects to areas. However we do offer the state lottery which brings a huge amount of income to the state, although we seem to be failing at how that income is used we need what we can get right now with the second worst pension system in the country. I am against casinos, slots, riverboats and anything in that category but I do support the lottery. With that said I felt I was not able to answer that question by checking yes or no."
